

MA SERVICES CASE STUDY

Hibbing Public Schools, Minnesota

RESULTS THAT MATTER

Since implementing MA Services, Hibbing Public Schools has gained better financial insights, increased Medicaid revenue, and improved operational efficiency. With continued collaboration, the district is set to maximize funding opportunities and ensure seamless Medicaid billing.

BENEFITS

1. 55% more students billed for services

Medicaid-billed students increased from 76 to 118, with 173 now eligible for services, leading to greater funding opportunities.

2. 71% increase in Medicaid reimbursement

FY 2023 Medicaid reimbursements totaled \$271,875, with additional back-billing still in progress, while the current year's reimbursements have already reached \$467,000.

3. Expanding revenue streams

SpEd Forms is focused on expanding billing opportunities, helping Hibbing bill for nursing services and preparing schools to bill for mental health services for future growth.

4. Clear & efficient tracking

The user-friendly MA Dashboard displays graphs and data that provides a clear view of financial performance, helping drive informed decisions.

5. Reliable & responsive support

Staff appreciate quick response times, ensuring timely assistance and smooth operations.

TESTIMONIAL

“One of the key benefits in working with SpEd Forms staff is the reassurance that our MA billing is processed correctly and in compliance. The team is always available to provide guidance, ensuring that our district can resolve issues quickly, stay up-to-date with any new MA billing procedures, and secure an increase in our revenue. Through proactive training sessions, their services have also ensured that our staff is well-equipped to drive efficiency in this process. Our district values the collaboration that SpEd Forms brings to the table and this process is streamlined for support!”

Nathan Lutzka, Hibbing Public Schools Special Education Director
